### Hindostan Burned.

The London Shipping Gazette quotes as follows from the Melbourne Daily Express of May 6th: "Four of the crew of the Hindostan (of Auckland?) reports that that vessel took fire on the voyage from San Francisco to Valparaiso with lumber. The crew abandoned the vessel and took to the boats, and, after eleven days, arrived at the Marquesas, being taken thence to Tahiti." The Hindostan sailed from Port Blakeley on December 8th last for Valparaiso, and put into San Francisco leaking. She repaired and sailed for Valparaiso on February 8th.

### Death of Captain Hart.

Captain W. Hart, lately in command of the Army transport Warren, died on May 26th in San Francisco aften an illness of several months. Captain Hart was well known here. For ten years previous to taking command of the steamer Scandia he was mate of the steamer Mariposa, and when the Scandia was transformed into the Army transport Warren, he retained command, making several trips to Manila.

### Captain Searle Dead.

Captain R. R. Searle, one of the best known navigators on the Pacific Coast and for many years fleet captain of the Saturday, the 9th, and at 10 a. m. on mostly hot-house and should be seen to Pacific Coast Steamship Company, died Monday, the 11th. in his apartments at the Palace Hotel in San Francisco about 10 o'clock a. m. of May 24, as the result of an illness that extended over a period of years. Captain Searle was a victim of a malignant cancer in the throat, for which he submitted to several operations during the two years immediately preceding his death. The first of the operations left him partly deprived of speech, as it became necessary, in the removal of the cancerous growth, to operate on his vocal organs. The operation afforded relief, but it was not lasting. Subsequently operations were performed with the hope of prolonging the patient's life, but it was apparent months ago that his days were numbered. He passed away quietly attended only by a trained nurse.

Captain Searle leaves no known relatives on the Coast. He remained a bachelor to his death, but at one time enjoyed the company of an adopted 11th. believed at one time that Chambliss would inherit Searle's big estate, which is valued at several hundred thousand dollars. Deceased was the oldest of Pacific Mail captains, having entered the company's employ in 1860. He was over 65 years of age at the time of his

The first six-master and largest schooner in the world is being built at Camden, Me., for a Taunton, Mass.. firm. The vessel is built of wood and will be ready to be launched on the 1st day of August. Her dimensions are 300 feet in length, 48 feet in beam and 22 feet depth of hold. She is designed for service on the Atlantic coast. Four and five masted schooners are quite popular with shipowners for coasting purposes and several of them make San Francisco their home

### Bark Dominion c. fe.

The British bark Dominion, for some time past posted as overdue on the 9. passage from Tacoma to Sydney, and upon which reinsurance of 65 per cent was quoted, has arrived at her destination, according to advices received by the San Francisco Merchants' Ex-change. The bark was out eighty-two days. Shipping men generally entertained the fear that the Dominion had 1 met with disaster on the northern coast, soon after sailing from Tacoma, in consequence of the finding of a small boat marked "Dominion" some weeks ago. It transpires however that the bark must have been in mid-ocean at that time.

### S. C. Allen.

The bark S. C. Allen arrived yester- 1.00. day with a general merchandise cargo from San Francisco. Among the prin- purse, unless otherwise specified. cipal shipments are the following:

### General Otis.

The Army transport Meade is expected to arrive about Thursday from

Manila, via Nagasaki, with Major-General E. S. Otis on board. The Meade sailed from Nagasaki on the 15th inst., and, judging by the time made on her former voyage across the Pacific, should arrive Thursday, although it is said that her former trip was more leisurely than the present one is apt to be. The Meade has made only one trip to this port, arriving on February 4th last. On that voyage she made the run from Manila in twenty-one days, and from Nagasaki in seventeen days and seventeen hours. Preparations are being made by Army officials to give General Otis a welcome when he arrives .- S. F. Chronicle, May 29.
